Section 2: About Section

Headline: Who Bharat Stainless Steel Industries Is?

Sub-Headline: 12+ years of manufacturing trust, built order by order in Hisar.

Body: Bharat Stainless Steel Industries (BSSI) is a stainless steel pipe, coil, and sheet manufacturer based in Hisar, Haryana, supplying 200, 300, and 400 series stainless steel, including SS 202, SS 304, and SS 316, to traders, fabricators, and industrial buyers across Haryana and 210+ cities nationwide.

Since around 2010, Bharat Stainless Steel Industries has sourced its raw material from Jindal Stainless, manufactured pipes (round, square, rectangular, oval, slotted, and NB tube), coils (including slitting and cut-to-length), and sheets in-house at its Hisar unit, and billed every order on actual Dharam Kanta (weighbridge) weight rather than theoretical calculation.

Registered under GST and MSME, BSSI has grown from a local Hisar supplier into a manufacturer serving 650+ customers with 5,500+ MT produced annually - a track record built on consistent grade, honest weight, and fast WhatsApp response, not on claims alone.

Section 3: Order Section

Headline: How Ordering Works?

Sub-Headline: From your WhatsApp message to a weighed, verified delivery - four steps, no surprises.

Body:
01. Message us your spec - product, grade, size/thickness, and quantity, on WhatsApp.
02. Get today's price - we reply usually within two hours with a live quote at the current market rate.
03. Confirm the order - we confirm grade, size, and delivery method (ex-works or FOR) before manufacturing or dispatch.
04. Weighbridge-verified dispatch - every order is weighed on our Dharam Kanta before it leaves, so your invoice matches what's on the truck.

Section 4: Products Section

Headline: Products that Bharat Stainless manufactures

Sub-Headline: Ten products across pipes, coils & sheets - every grade, size, and finish manufactured in-house at our Hisar plant.

Product	Caption
Stainless Steel Round Pipes	Most-searched shape - SS 202/304/316, ERW & welded, 6mm–12 inch, Hisar-manufactured.
Stainless Steel Square & Rectangular Pipes	Structural-grade SS pipe for framing, gates, and furniture - ready stock, Hisar plant.
Stainless Steel Oval Pipes	For railings, furniture & architectural fittings - supplied direct from Hisar, 2B finish.
Stainless Steel Slotted Pipes	Custom-slotted SS pipe for filtration, screening & submersible pumps.
Stainless Steel NB Tubes	Nominal bore SS tube for process, instrumentation & equipment lines.
Stainless Steel Coils	SS coil supplier Hisar — 202/304/316, 0.2mm–5mm thickness, up to 1250mm width.
Stainless Steel Slitted Coils	Custom-width SS coil slitting service, Hisar-manufactured - no wastage on your shop floor.
Stainless Steel Cut to Length Coils	SS coil cut to your exact length - fast turnaround for urgent replacement orders.
Stainless Steel Sheets	SS sheet wholesale supplier Hisar - 202/304/316, 2B Prime finish.

Section 5: Why Bharat Stainless

Headline: Why Bharat Stainless Steel Industries?

Sub-Headline: Anyone can claim "trusted" or "reliable" on a website - here's what we actually do differently, and how you can verify each one yourself.

Body:

- **Sourced from Jindal Stainless -** grade consistency isn't a guessing game
- **GST + MSME registered** - GSTIN 06AZBPD9705B1ZW, verifiable on request. [See our certifications →]
- **Based in Hisar's Industrial Area** - a recognized North India stainless steel manufacturing hub
- **4.8–4.9★** on Google across 35 reviews
- **Billed on actual Dharam Kanta (weighbridge) weight** - not theoretical calculator weight
- **WhatsApp-first response** - we usually reply within the hour

CTA *(linked to about us page)*: Know more about us →

Section 6: Industries We Serve

Headline: Industries We Serve

Sub-Headline: 14 industries, one manufacturer. We supply stainless steel pipe, coil, and sheet to:

Body (A gallery of industries with their photos): Dairy and Food processing, Pharmaceuticals, Chemical Plants, Sugar & Rice Mills, Railway Coaches, Elevators, Steel Furniture, Automobile Machinery

CTA *(linked to /industries page)*: See all 14 Industries →

Section 7: Grade & Quality

Headline: Grade & Quality honesty note

Sub-Headline: The one honesty check most stainless steel suppliers skip, but the one that protects your project the most.

Body: The one thing every buyer should know before ordering stainless steel. Not all stainless steel is the same - SS 202 and SS 304 can look identical when new but perform very differently after 1–3 years, especially with moisture exposure. We tell you plainly which grade you're getting and why it fits your use case, before you order.

The same honesty applies to weight: we bill every order on actual weighbridge weight, and small variance from a calculator's theoretical number is normal, expected, and industry-wide due to standard rolling tolerances.

CTA *(linked to /resources grade & comparision tool)*: Compare SS 202 vs 304 vs 316 in detail →

Section 8: FAQs

Headline: Frequently Asked Questions

Sub-Headline: Straight answers before you message us.

Body:

FAQs 1: Where is Bharat Stainless Steel Industries's manufacturing unit located?
Answer: Plot No. 5, behind Jindal Rolling Mill, Industrial Area, Satrod Khas, Hisar, Haryana 125006.

FAQs 2: Do you supply stainless steel pipe near me in Haryana?
Answer: Yes - we supply across Hisar, Panipat, Rohtak, Fatehabad, Sirsa, Bhiwani, Jind, and 210+ cities nationwide.

FAQs 3: What is the price of stainless steel pipe per kg?
Answer: Depends on grade, size, and daily raw-material rates. Message us on WhatsApp for today's rate.

FAQs 4: Is Bharat Stainless Steel Industries's stainless steel sourced from Jindal?
Answer: Yes, our raw material is sourced from Jindal Stainless.

FAQs 5: Is Bharat Stainless Steel Industries GST and MSME registered?
Answer: Yes - GSTIN 06AZBPD9705B1ZW, MSME registered, both verifiable on request.

FAQs 6: How is Bharat Stainless Steel Industries different from any other stainless steel manufacturer in Hisar?
Answer: We manufacture cutting, slitting, and finishing in-house at our own unit, rather than reselling stock from elsewhere, and we bill on actual weighbridge weight rather than theoretical calculation. Ask any supplier those two questions directly; the answers tend to separate manufacturers from traders quickly.

Section 9: Bottom CTA

Headline: Ready to Order?

Sub-Headline: A WhatsApp message is all it takes.

CTA (WhatsApp-routed form (Name/Phone/Product/Message) + sticky WhatsApp button)**:** Message Us for Bulk Order or Wholesale Price

Pre-filled after form submit: Hi, I'm [Name] ([Phone]).

I'm interested in bulk order / wholesale pricing for: [Product]

Additional details: [Message]

Pre-filled message for WhatsApp button on every page: Hi, I found your website and I'm interested in stainless steel pipe, coil, or sheet. Could you help me with pricing?
